IC POPSOP Error Code: script NC_SaveLine.Error Code = 9

1. Verify IC POPSOP Version from Nolan Install Window. The version must be ICOP1j or later.

2. Verify that there is a default Goods Received Bin set up for the Site ID assigned to the line item on the PO on the Item Site Defaults Bin window (Cards >> Inventory >> Quantities-Sites >> Enter Item and Site ID/Bins and/or the Site Default Bins Window (Cards >> Inventory >> Site >> Bins).
