Getting Started

Last updated: August 9, 2022

Product Registration

Nolan Business Solutions will provide you with a product registration key which is required to enable the Statement Direct functionality. To enter this key, navigate to Setup > Custom Records > NC Product Registration. Select “ABR Statement Direct” as the “Product Name”, enter the key and click “Register”.

System Configuration

You will also receive user credentials for use with Statement Direct. To enter these, navigate to ABR > Setup > ABR Configuration. Enter the details into “Statement Direct User ID” and “Statement Direct Password”. You also need to select a “Notification Email Author”. Click “Save” to commit your changes.
